**To Whom It May Concern:**

Dear Sirs,

We have known **MARGONY Design & Build Ltd** and Mr Nikola Marjanovic for about ten years.

During this period his company has been engaged on several residential and commercial projects where we have been employed as Architects and/or Interior Designers.

We were very satisfied with the service that Margony provided to our clients. Also, we found them to be very enthusiastic about the projects, with good knowledge of the construction industry and with a 'can do attitude' which helped to complete projects on time and within budget.

Mr Nikola Marjanovic is a very reliable and trustworthy person and we do not have any hesitation in recommending him or his company to any prospective private or commercial client.

Yours faithfully,

Dusan Savic  
Design Director
