Reference for Margony Design & Build Ltd and Nikola, the company owner

To whom it may concern:

I have contracted the services of Margony Design & Build Ltd on multiple occasions since I met Nikola, fourteen years ago, always to my entire satisfaction, no matter how big or small was the required job.

Nikola is not only a builder who has worked very hard to become successful in a very competitive environment, but also an engineer and an artist (as the magnificent marble table and bench that he designed and built from scratch for my garden can testify). He can renovate a whole property, redecorate a room or sort out a plumbing problem, always with a smile on his face, on time, within budget and to the maximum standards. And he follows up the job to the complete satisfaction of the client.

I recommend Margony without hesitation. Since Nikola and his team of builders renovated my house in Hampstead in the nineties, I have always looked to his company when I have needed the services of a builder for whatever purpose. And he has always delivered.
