**Re: MARGONY DESIGN & BUILD LTD**

Over the last five years I have worked with Margony on a wide range of jobs varying from the relatively small – internal and external decoration of buildings, joinery work, damp proofing and other domestic works. We have also collaborated on two major projects of my design, the first a complete refurbishment and major extension of a large garden flat in Thurlow Road, Hampstead and the second, a new build house in West Hampstead. Both these last two jobs - and in particular the new house - incorporated many innovative and unusual design features which the Margony team executed with hard work, diligence and good workmanship.

Nikola, the company owner is willing to collaborate on design development in terms of working out the best construction techniques and methods to achieve architectural goals. He is also good following through and returning to deal with snagging and teething issues. He is conscientious of ensuring that he keeps to budget on both small and large works. I would recommend his firm.

Yours Faithfully

Suzanna A. Nour BA (hons). Dip. ARCH. RIBA III. Chartered Architect
